

Dear Hedgehog class,

I am very much looking forward to seeing you all again very soon and all of the Hedgehog staff are missing you lots. I hope that you are doing good listening and enjoying your time at home with your families. I look forward to hearing all about the exciting activities you have been doing at home and some of you may have even learnt some new skills.

I have had a busy week. I have been working hard at school and in the evenings I have been going for a lovely walk with my family. My children have been counting how many different coloured cars we see along the way. Perhaps you could do this with your family too.

I hope you have a lovely week,

Mrs O'Neill and the Hedgehog team.
