

Dear 4NP,

Wow, what a busy week it has been! It has been wonderful to see so many of you interacting with **Google Classroom** and submitting your work.

4NP's BIG SHOUT OUT: to the children that are working *extremely* hard at the moment.

EJT– Not only is she in school; she is also completed all the **Google Classroom** work and logged into all her **online learning** platforms.

HA, PB, MS– Logging into all their **online learning** platforms every week! HA has also worked through lots of Bug Club books and is quizzing on AR too!

APT – Working hard submitting all his work on **Google Classroom** daily. He has also uploaded pictures of him reading on **Accelerated Reader** and scored **100% in his quiz!** He

looked very cosy reading on his sofa, I was very jealous!

ZH– Working hard on **Google Classroom** and completing **Accelerated Reader** quizzes.

AK – Completing work on **Google Classroom** and always submitting his **MyMaths**. Have a look at his lovely picture of a Viking soldier.

LS – Practising her **baking skills** and making some unicorn biscuits. She has sent in a picture of them for you.

Keep encouraging each other to complete the work on **Google Classroom**. I am checking into all the online learning websites regularly and keeping a record of all the children working hard and aiming high. Please remember to continue to log onto **Times Tables Rock Stars, MyMaths, AR and Bug Club**. I can also see the children logging into **Accelerated Reader** and completing quizzes. Send in your pictures if you would like them to be featured in my weekly letter. Who will make it to **4NP's BIG SHOUT OUT** next week?

I have kept my brain ticking away by completing some **puzzles and word searches**. I have seen an interesting Deadly 60 puzzle for all of you too, can you find the 25 Deadly words that are hidden in these puzzles?<https://www.bbc.co.uk/cbbc/puzzles/word-search-deadly-60>

Stay very safe and I look forward to hearing more from you all through **Google Classroom!**
Miss Punia ☺
