Dear Otter class,

What a lovely sunny week it was last week! I hope you were able to get outside and enjoy it. Before the rain started this week, I was able to go on a little bike ride around my local nature trail. It was so beautiful and peaceful.

This week I have been busy setting up Google Classroom and looking at all your wonderful work! Lots of you have signed up and are working really hard completing the work I have set for you. I loved reading all your messages, it puts a big smile on my face. Maybe next week you can upload some photos of all the fun things you've been doing at home?

Talking of your wonderful learning, I continue to be impressed by your commitment to Bug Club and MyMaths. Even though we have Google Classroom, I will continue to check your learning on the other sites too - I'm sure you'll continue to make me proud, as you always do. ☺

I know there have been a few birthdays over the last few weeks and a few coming up. I wish you all a very Happy Birthday! I hope you have a lovely day celebrating with your families.

I am so proud of you all and keep up the great work at home!

★ I am missing you lots. It always cheers me up when I get to see all of your smiling faces at school and I look forward to seeing those again soon!

Keep smiling and stay safe Otters!

Miss Verity ☺
