The Park Federation Academy Trust Directors are responsible for maintenance of this scheme and have devolved policy approval status to the Chief Executive Officer and Federation Principal, Dr. Martin Young. This policy applies to all Trust academies, including Lake Farm Park Academy.

Section 1: Introduction

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our public scheme is either available for you on our website to download and print off, or available in paper form.

Some information we hold may not be made public, for example personal information.

Section 2: Categories of Information

This publication scheme conforms to the model scheme for academies approved by the Information Commissioner and includes:-

- Aims and Objectives – See Appendix 1
- Categories of Information Published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. The classes of information that we undertake to make available are organised into four broad topic areas:

Prospectus – information published in the prospectus.

Directors Documents – information published in the minutes of the Board of Directors Meetings and other related documents.

Pupils and Curriculum – information about policies that relate to pupils and the curriculum.

Trust and Academy specific Policies and other information related to the Trust – information about policies that relate to the academies in general.

Further details are given at Appendix 2.
